## THE THEATERS

### Bijou Has New People.

The Bijou program will be materially strengthened tonight by the inclusion of Brown and Robinson, two English singers, who are in a class by themselves. Their reputation, made in England and enhanced throughout the British empire, should certainly lose nothing tonight at the Bijou. Their turn is a novel one, for the audience will have the pleasure of hearing two excellent singers introducing some dry humor. It is a refined act, and no doubt will appeal to every section of the audience.

Kunz and Kunz are still in the bill, and so are Vivian and Allen. The latter are comedy acrobats, and a lot of their work is exceedingly clever. The turn would be slightly improved by the elimination of the little vulgarity that creeps in on one occasion, and appeals to but a small portion of the audience.

### The Empire Has Crack Shots.

Last night the Empire was well patronized. The chief attraction was the shooting contest between Fox and Harlow. Fox won by the narrow margin of one point. The scores were thirteen-twelve. Miss Bright sang some Irish songs, and Goffman and Carroll appeared with success.

in the recent Mexican mobilization had to submit to inoculation against typhoid fever.

As an evidence of his personal faith in the treatment, Secretary Stimson was vaccinated with the anti-typhoid serum by Major Russell last June and twenty days later was declared immune. He suffered no ill effects whatever from the operation and said he was convinced of the value of the treatment.

### Hospital Corps Inadequate.

WASHINGTON, Sept. 5.—The United States army in case of war would be seriously hampered because of an inadequate number of men in the hospital corps, according to Major General Frederick D. Grant. In this

branch of the service no progress has been made, he says, since the outbreak of the Spanish-American war. If an attempt were made to mobilize more than one division of troops the army would be crippled, in General Grant's judgment, as a result of the insufficiency of the sanitary personnel.

In his annual report to the War Department for the fiscal year just ended, as commander of the Department of the East, General Grant says that if all the troops in his command had been ordered out in connection with the mobilization the deficiency in the medical department would have caused a breakdown.

At a meeting of the A. A. U. committee held yesterday afternoon it was decided that the championship meet on the 30th inst. should be held at Alexander Field, that the program

## DANGER OF BLOOD POISONING.

Every family should at all times be provided with a good reliable liniment and those who have used Chamberlain's Pain Balm will admit that there is none better. Even as slight an injury as the scratch of a pin has resulted in blood poisoning and caused the loss of a limb. Such injuries are of no consequence when Pain Balm is promptly applied. Cuts, bruises and sprains are cured in one-third less time when it is used and all danger of blood poisoning is avoided as it is antiseptic. For sale by all dealers.
